MAJESCO
ENTERTAINMENT

PLEASE CAREFULLY READ THE SEPARATE HEALTH AND SAFETY PRECAUTIONS BOOKLET INCLUDED WITH THIS PRODUCT BEFORE USING YOUR NINTENDO® HARDWARE SYSTEM, GAME PAK OR ACCESSORY. THIS BOOKLET CONTAINS IMPORTANT HEALTH AND SAFETY INFORMATION.

IMPORTANT SAFETY INFORMATION: READ THE FOLLOWING WARNINGS BEFORE YOU OR YOUR CHILD PLAY VIDEO GAMES

⚠ WARNING - Seizures

- Some people (about 1 in 4000) may have seizures or blackouts triggered by light flashes or patterns, such as while watching TV or playing video games, even if they have never had a seizure before.
- Anyone who has had a seizure, loss of awareness, or other symptom linked to an epileptic condition should consult a doctor before playing a video game.
- Parents should watch when their children play video games. Stop playing and consult a doctor if you or your child have any of the following symptoms:

Convulsions

Altered vision

Eye or muscle twitching

Involuntary movements

Loss of awareness

Disorientation

To reduce the likelihood of a seizure when playing video games:

1. Sit or stand as far from the screen as possible.
2. Play video games on the smallest available television screen.
3. Do not play if you are tired or need sleep.
4. Play in a well-lit room.
5. Take a 10 to 15 minute break every hour.

⚠ WARNING - Repetitive Motion Injuries and Eyestrain

Playing video games can make your muscles, joints, skin or eyes hurt after a few hours. Follow these instructions to avoid problems such as tendinitis, carpal tunnel syndrome, skin irritation or eyestrain:

- Avoid excessive play. It is recommended that parents monitor their children for appropriate play.
- Take a 10 to 15 minute break every hour, even if you don't think you need it.
- If your hands, wrists or arms or eyes become tired or sore while playing, stop and rest them for several hours before playing again.
- If you continue to have sore hands, wrists or arms or eyes during or after play, stop playing and see a doctor.

⚠ WARNING - Battery Leakage

Leakage of battery acid can cause personal injury as well as damage to your Game Boy. If battery leakage occurs, thoroughly wash the affected skin and clothes. Keep battery acid away from your eyes and mouth. Leaking batteries may make popping sounds.

To avoid battery leakage:

- Do not mix used and new batteries (replace all batteries at the same time).
- Do not mix alkaline and carbon zinc batteries.
- Do not mix different brands of batteries.
- Do not use nickel cadmium batteries.
- Do not leave used batteries in the Game Boy. When the batteries are losing their charge, the power light may become dim, the game sounds may become weak, or the display screen may be blank. When this happens, promptly replace all used batteries with new batteries.
- Do not leave batteries in the Game Boy or accessory for long periods of non-use.
- Do not leave the power switch on after the batteries have lost their charge. When you finish using the Game Boy, always slide the power switch OFF.
- Do not recharge the batteries.
- Do not put the batteries in backwards. Make sure that the positive (+) and negative (-) ends are facing in the correct directions. Insert the negative end first. When removing batteries, remove the positive end first.
- Do not dispose of batteries in a fire.

Getting Started

1. Make sure your Game Boy® Advance System power switch is set to OFF then insert the **Strawberry Shortcake™: Summerland™ Adventure Special Edition** Game Pak into the Game Boy® Advance System.
2. Turn on the Game Boy® Advance. In a few moments, the Menu Screen should appear.
3. Press **Left** or **Right** on the **Control Pad** to select the **Strawberry Shortcake™ Summer Adventure Game** or “Meet **Strawberry Shortcake™**” video.

4. Once you have decided if you want to play the game or watch the video, use the **A Button** to select it.
5. If you want to change your selection while playing the game or watching the video, Power OFF your Game Boy® Advance and then turn it back on and make your selection from the main menu.

Important Note: If nothing appears on the screen, turn the power switch to OFF. Check to make sure the Game Pak is inserted correctly then try again. (Always set the power switch to OFF before inserting or removing the Game Pak.)

Strawberry Shortcake™ A Summertime Adventure!

Welcome to Strawberryland™, the home of Strawberry Shortcake™ and her little sister Apple Dumplin' and pets Custard and Pupcake. Spring is a great time of year, but summer is Strawberry's favorite season because it's when she and her friends celebrate the famous Strawberryland™ Bakeoff. People come from all around to sample the delicious snacks and participate in the Blue Ribbon Contests. Strawberry has been working all through spring on her berry garden, and her entries into the Berry Biggest Fruit contests are going to be extra special this year. Plus her Strappleburst Punch is always a hit! Take Strawberry through an adventure with her friends on her way to growing the largest, sweetest berry to win first prize in the Strawberryland™ Bakeoff!

Main Menu

At the Start Screen you can choose from the following options. Press **Up** or **Down** on the **Control Pad** to highlight an option, then press the **A Button** to select it.

New Game: Take Strawberry Shortcake™ through a journey with her friends and pets as she tends to her garden and gathers ingredients before the Strawberryland™ Bakeoff begins! Grow items in your garden and use them to accomplish tasks and cross them off your task list.

New Garden: Select a berry seed, plant it and care for it to grow the largest, sweetest berry possible! Make sure to water and weed your garden!

Continue Game: Resume play from where you last left off in your adventure. Type in the password you previously received to continue.

Tend Garden: Care for your garden with this selection. Type in the password you previously received to continue.

Garden Mode

In *Garden Mode*, you can select a berry seed to plant and tend. The maximum size of the berry is determined by your skill in watering, weeding and tending the berry to ripeness so make sure you take proper care of the seed to grow the largest, sweetest berry possible!

To access *Garden Mode*, you can begin in *Adventure Mode* or start a “New Garden” from the Main Menu. Walk up to the garden gate next to Strawberry Shortcake™’s house and press the **B Button**. This will bring you into the Berry Garden.

Seeding and Tending Berries

Initially, Strawberry Shortcake™ can plant Strawberry, Gumberry, and Blueberry seeds. Strawberry must find Bubbleberries along the way to be able to plant them.

Strawberry

Gumberry

Blueberry

Bubbleberry

When the seeds are found, they will appear in the Garden Menu at the top of the screen.

To select a seed to plant, press **Left** and **Right** on the **Control Pad** until the seed you want to plant is in the highlighted box. To plant the seed, press the **A Button**.

Once a seed has been planted, it must be cared for to produce the largest, sweetest berry. Each of the three berries reacts differently to water and food so make sure you monitor the berries closely!

Also be aware that each action can be performed only once during each harvest period. You must also watch out for weeds that can stunt berry growth.

The following details ways that you can affect the growth of your berries:

Growers: Add incremental growth to the Size Bar

Food: Adds food units each time it is used

Sweeteners: Add incremental sweetness to the Sweetness Bar

Water: Adds water units with each use

Weeders: Removes weeds

Energy: Adds food and removes water units

Here is a breakdown of all the actions you can perform:

Growers

Fruit Flute Tune I:

Increases size by 4

Double Decker:

Doubles fruit size

Weeders

Weed Wither:

Reduces weed growth rating by 2

Weed Wacker:

Reduces weed growth rating by 4

Food

Fruit Juice: Increases plant food by 2

Plant Food Packet: Increases plant food by 1

Sherbet Spooners: Increases plant food by 3 and sweetness by 1

Swollen Seeders: Increases plant food by 4

Water

Loud Cloud: Adds 3 water

Watering Can: Adds 1 water

Sweeteners

Fruit Flute Tune 2: Increases sweetness by 4

Sugar Drops: Increase sweetness by 1

Fruit Flavor: Increases sweetness by 2

Flower Power Powder: Increases sweetness by 2

Energy

Sunburst: Adds 2 plant food to Strawberry and Blueberry plants. Subtracts 2 from Gumberry.

To perform an action from the Action Menu, scroll **Left** and **Right** on the **Control Pad** until the action you want to perform is in the highlighted square. Once highlighted, press the **A Button** to carry out the action.

The Action Menu only shows five action icons at any one time. Other actions are part of the scrolling list and can be reached by pressing **Left** and/or **Right** on the **Control Pad**.

Two additional bars on the right side of the screen measure the Sweetness and Size of your berries.

Sweetness Bar: Gauges the berry's current sweetness by ranking the berry with an appropriate number of lemons (sour) or sugar cubes (sweet).

Size Bar: Records the berry's size in "pebbles."

Timer

Sweetness Bar

Harvest Results

On the right side of the Berry Garden screen is the Harvest Timer. The Harvest Timer begins full and gradually decreases. When the timer runs out, Strawberry Shortcake™ picks the berry, regardless of whether it is sweet or not.

When a berry is harvested, its Size and Sweetness result from a final Berry Rating. The Harvest Results window gives the player information about her berry. A berry is rated from 0 – 10, with 0 being the lowest and 10 being the highest.

*Please note that selecting the harvest basket (at any time) will automatically end the harvest.

Adventure Mode

In Adventure Mode, Strawberry Shortcake™ travels through multiple locations and levels of adventure with her friends and pets before the Strawberryland™ Bakeoff. Items Strawberry grows in her garden can help her during the adventure, and items she finds during her journey can better help her garden grow.

It's also important that Strawberry creates her famous StrappleBurst Punch for everyone to enjoy at the Strawberryland™ Bakeoff, so while on the journey be on the lookout for the ingredients to make the juice!

Controls for Adventure Mode

Moving Strawberry: Use **Right** and **Left** on the **Control Pad** to move Strawberry throughout her journey. If Strawberry reaches a climbable incline, pushing the arrow in the direction of the incline will cause Strawberry to climb the incline automatically. If the incline or object is not climbable, then Strawberry must try to jump over it to pass.

Collecting Ingredients: A major portion of Strawberry's time is spent collecting ingredients such as berries, vanilla crème and marshmallows for special recipes. To collect an ingredient Strawberry simply needs to touch it. Whatever ingredient she picks up will be placed in her inventory.

Jumping: Strawberry can jump as high as possible when you press the **A Button**. Strawberry can also be guided while in the air.

Pushing: When Strawberry is moved into a non-climbable but moveable object, the object will move as long as Strawberry continues to push against it.

Start Menu

Pressing **Start** during game play will bring up the In-Game Options screen. Highlight the option you want to choose and press the **A Button** to access it.

The Start Menu includes the following three options:

Continue: continue your current game

Password: save your current game and last checkpoint

*When you save a game you're given a password. Keep this password for continuing at another time.

Quit: Brings you back to the Main Menu, saving game data.

Strawberry must complete various tasks during the adventure. She can keep track of her tasks and accomplishments by viewing the different screens below:

Inventory Menu

Pressing **Select** pauses game play and brings up Strawberry's Inventory Menu. From here you have the option of viewing a map, checking Strawberry's collected ingredients inventory or viewing Strawberry's "To Do" list. To select an option, highlight it and press the **A Button**. Pressing the **B Button** will bring you back to the Inventory Menu and pressing the **B Button** again will return you to the game.

View Map

Strawberry's map lists all of the major locations around Strawberryland™, and she can travel instantly to any unlocked location by selecting it on the map and pressing the **A Button**.

Inventory

Check the different types and number of berries you have collected throughout your journey. The Check Inventory screen also lists your four largest berries grown so far.

Check List

Strawberry's "To Do" list is updated each time Strawberry is given a new task or agrees to help a friend. After Strawberry accomplishes the task it is crossed off the list. Use **Up** and **Down** on the **Control Pad** to scroll the entire list. There are also additional gauges and bars on the screen that assist Strawberry during her journey.

Ingredient Gauge

The Ingredient Gauge always appears along the top of the screen, but its contents change depending on the area Strawberry is traveling within. Each area produces a different ingredient that Strawberry needs to collect. An icon of the ingredient with the number collected up to that point will appear in the gauge.

Score Bar

The Score Bar appears at the top of the screen and is made up of points from collecting berries, finding secret items and accomplishing tasks. Included in the score is also the largest grown berry from each seed.

Berry Burst Power Up

On the upper right hand corner of the screen is an icon that represents a “Berry Burst” that is available to Strawberry. These special power ups are collected throughout the levels and give Strawberry special skills. However, Berry Bursts can only be used in the level in which they are collected.

To activate and use a Berry Burst, press the **B Button**. A dwindling time bar will appear next to the Berry Burst icon, and when the bar empties the Berry Burst is over.

Types of Berry Bursts:

Apple Dash: Allows Strawberry to move twice as fast while the **B** **Button** is held.

Bubbleblower: Causes Strawberry to blow a bubble and float.

Blueberry Bomb: Causes Strawberry to throw a Blueberry Bomb and destroy any hazards in its path.

Bubbleball: Causes Strawberry to blow a bubble around herself and bounce through the level.

Strawberry Steppers: Causes Strawberry to create a temporary stair bridge of berries that she can walk up.

Gumberry Bouncers: Allows Strawberry to make long leaps with a single press of the jump button.

Dialog

When Strawberry meets a friend she will engage in a conversation. Press the **A Button** to scroll through the dialog screens.

Levels

Strawberry travels through six levels and several landmarks around Strawberryland™ as she tends to her garden and helps her friends find the ingredients they need for their entries into the Strawberryland™ Bakeoff. The levels include:

Apple Orchard

The Strawberryland™ Bakeoff is coming up and Strawberry still needs to create her award-winning juice. A critical ingredient in Strawberry's StrappleBurst juice comes from her orchard a short way from her garden. Take a stroll to the orchard and collect a couple baskets of the sweetest apples you can find (avoid the yellow ones), but hurry because the wind is picking up!

Marshmallow Marsh

Strawberry collected her apples, but she hasn't found Pupcake yet. She's getting worried that he may have wandered into Marshmallow Marsh. He never had a good sense of direction!

Lollipop Forest and Blueberry Valley

Ginger Snap needs to borrow a cup of strawberries for her Fruited Cookies. Strawberry and Angel Cake need blueberries, so stop in the nearby Blueberry Pits on your way to Cookie Corners. Watch out for the fallen lollipop trees and dangerous popping rocks along the path!

Huckleberry Briar

Find Huck and borrow the key to the Strawberryland™ Sky Balloon. Jump onto the rising root beer bubbles to collect choco drops in the trees, but watch out because the bubbles will pop!

Vanilla Sky

Travel with Rainbow Sherbet and Huck on the Strawberryland™ Sky Balloon. Guide it through the Vanilla Crème Clouds while collecting Vanilla Creme Puffs!

Gumdrop Mountain

With the help of Huck's skateboard, guide Strawberry down Gumdrop Mountain towards Cookie Corners. Collect sugar drops along the way, but avoid the gumdrops and watch out for the sugary slopes!

The Strawberryland™ Bakeoff

Enter the bakeoff and get your points tallied to see if you've won first prize!
